VBS AT NEW HOPE IN JUNE

If you're reading our copy, you know that the VBS of New Hope will have its picnic on June 15, at 11:30 a.m. The young people will come in at 10 a.m., however, at which time we will register them and run through a practice program for the next week's school. That first Saturday is always a fun-day, so don't miss it! The food is not bad either (note: The members of the Fidelis Class always save money for us to buy good things for the picnic. Thank you, ladies!) Mrs. Mary Lizzie Ferguson will supervise the picnic.

Now let's talk about the Pre-schoolers (the four and five year olds) for a minute. This year there will be some familiar faces and some new ones on the faculty. Mrs. Lorraine Torrence and Mrs. Margie Morris (real pros at this work) will be teaming up with Mrs. Linda Gallier, Mrs. Betty Fleshman and Misses Alice Faye Franklin, Donna Mitchell and Jerlyn Garrett. We have our eyes on Mary Lizzie to help us in the school all the week, too.

The book for this group is "Learning About God and Jesus", a book which assures us that God and Jesus love us and care about what happens to us. Children become aware thru this study that they can show their love for God by telling others about Jesus. it is good to start on the right foot early in life.

The younger children (ages 6, 7 & 8) will be using the book, "Learning What Jesus Said and Did". The children are always excited to learn that Jesus in God's Son who lived here on earth, watched plants grow, listened to birds sing their songs, cuddled little baby rabbits, and later performed great miracles. They also learn about Jesus as a teacher, a preacher and a healer.

Mrs. Ruth Drinkard who will head this department will be ably assist , by Ms. Shirley O'Brien, Marie Grove and Ottie Osborne. They will provide a period of worship, music and missions for the children.

Next week we'll see you again.

Appraisal Necessary For Farmers Making Disaster Claims, USDA Points Out

Producers participating in the feed grain and wheat programs who plan to abandon crops planted on allotment acreage and damaged by natural disaster should have the crops appraised before putting the land to other use, the U. S. Department of Agriculture cautioned recently.

Under the Agriculture and Consumer Protection Act of 1973 a producer may qualify for a special feed grain or wheat payment when a natural disaster causes crop damage.

Department officials advise a producer whose allotment land is struck by a disaster to follow this procedure:

- Report the disaster damage to the county ASCS office.

Before putting the crop or land to another use, have an ASCS official or his designated representative appraise the damage.

After the appraisal is completed the acreage will be released by ASCS for other uses.

If the producer should decide to harvest the damaged crop after it is appraised, he must report the harvested production to the county ASCS office. If after appraisal he grazes and then harvests the appraised crop, eligibility for payment purposes will be determined on the basis of the higher of the appraised production or the actual harvested production.

Transportation Planning Council Established By CVPDC

In major actions taken at the monthly Central Virginia Planning District Commission (CVPDC) meeting, the Commission adopted a resolution establishing the Central Virginia Transportation Planning Council. This was necessary due to requirements of the Federal Highway Administration that a State Highway Official must be a voting member of the region's transportation planning body.

With the formation of the Council, a representative from the Virginia Department of Highways will join the 13 member Board of Commissioners when meetings of the Council are necessary.

Officers for Fiscal Year 1975 were elected at the CVPDC meeting. Succeeding Warren A. Otey, Bedford City, as Chairman will be William F. Overacre, a real estate agent representing Campbell County.

Vice-Chairman will be Dr. G. Edward Calvert, a city councilman from Lynchburg and Secretary will be Dr. Edwin S. Flinn, a retired executive officer at Mead Corporation representing Bedford County. Carl D. Cress, representing Lynchburg was re- elected Treasurer.

Commissioners gave authorization at their May meeting to allow the Executive Committee to contract with a Computer Consultant for tabulating the data obtained during the Alcohol Safety Action Program Roadside Survey.

Due to the complexity of the data, computer tabulation is required before an analysis can be made to determine if an ASAP Program is needed in the Central Virginia Planning District.

In other action the Commission gave authorization to apply for State Highway Funds which are available to cities and counties obtaining federal planning grants for transit studies. If the application is approved

Notice To Citizens

The Board of Directors at Robert E. Lee Academy announce that in order for Robert E. Lee to continue to operate for the 1974-75 term, it must register 20 more students or raise $8,000.00. A campaign to raise money for a scholarship fund is now in progress. If $4,000.00 of the above amount is received, this will help 16 students pay half of their tuition and raise the amount needed. The plans are to operate as a Christian Academy, with qualified teachers, offering Kindergarten through grade 6. The Christian Academy will function under new personnel and new administration. The Academy has been in operation for 8 years and the Board of Directors and parents feel a Christian School will be an asset to Appomattox. We ask that any interested parents register their child or children now. Citizens interested in helping to keep the Academy operating, PLEASE make an all out effort to help the patrons with a donation. Any amount will be greatly appreciated to help keep the Academy open. Donations may be mailed to Robert E. Lee Christian Academy, General Delivery, Appomattox, Virginia 24522.

Anyone wishing to register children in the Academy, may contact Paul Nash, 352-7551 or Mrs. Ottie Osborne 352-8758.
